

Declaration of accessibility

Introduction

Legislative Decree No. 82 of May 27, 2022, transposes Directive (EU) 2019/882 of the European Parliament and the Council of April 17, 2019, on the accessibility requirements for products and services.

Guidelines on the accessibility of services, in implementation of Article 21 of Legislative Decree No. 82/2022.

The decree was published in the Official Gazette (General Series No. 152 of 01-07-2022) and came into force on July 16, 2022, but its provisions will be effective from June 28, 2025.

M.A.I.O.R. SRL is committed to making its websites accessible in accordance with May 27, 2022, No. 82, which transposed Directive (EU) 2019/882 of the European Parliament and of the Council of April 17, 2019, on accessibility requirements for products and services. This accessibility statement applies to the websites <https://www.maior.it/>

Status of compatibility with the requirements

The website <https://www.maior.it/> are partially compliant with the requirements of Annex A of UNI EN 301549:2018 (WCAG 2.1) due to the cases of non-compliance and/or exceptions listed below. M.A.I.O.R. SRL is conducting together with its suppliers an analysis aimed at making the necessary interventions to make the sites in question accessible and compliant with the standard.

Non-accessible content

The following content is not completely accessible because it is not compatible with the underlying harmonized standard EN 301 549:

- On several pages there are images without captions. It is difficult to navigate to the images with screen readers.
The report is currently being improved.
- There are links without link text on all pages.
The report is currently being improved.
- On all pages, the contrast between text and background is too low.
The report is currently being improved.
- There are headings on a page that have no caption or contain the aria-hidden attribute and are therefore not accessible to screen readers.
The report is currently being improved.
- On several pages, a parent element lacks the appropriate child elements. This can confuse screen reader users because content is expected but none is there.
The report is currently being improved.

The evolutions to the code made and future ones, have been and will be developed in compliance with WCAG 2.2 guidelines. The statement was drafted on **26.06.2025**. The statement was made using an assessment in accordance with the requirements of Directive (EU) 2019/882 through self-assessment carried out directly by the provider.

The functionality in question allows audits to scan individual pages of the site for digital barriers, providing compatible support that explains the error and proposes an alternative code to correct it, and other tools that allow website users to utilise important functions that can improve navigation. The company is committed to developing past and future code evolutions in accordance with WCAG 2.2 guidelines.

Feedback and contact details

Do you have a comment or a note about barriers on this website? Please get in touch with us. We will explain which barriers exist. You can find out what exceptions we have made. We will answer your questions as quickly as possible, but at the latest within the statutory period of a month. Thank you for your feedback. You can contact us at the following address:

MAIOR SRL
